

**Carbon Monoxide Poisoning: Case Studies and Review.**

Ruth-Sahd L.A., Zulkosky K., Fetter M.E. *Dimens Crit Care Nurs.* 2011 Nov;30(6):303-314.

**Abstract**

This article describes carbon monoxide poisoning. Using a case study approach, the article covers pathophysiology, epidemiology, clinical presentation, and complications. A nursing care plan is presented to guide the critical care nurse in the care of patients in this type of condition.
